

BUTTERFLY SUMMER Quest to Save the Monarchs

by Siri DiSavona

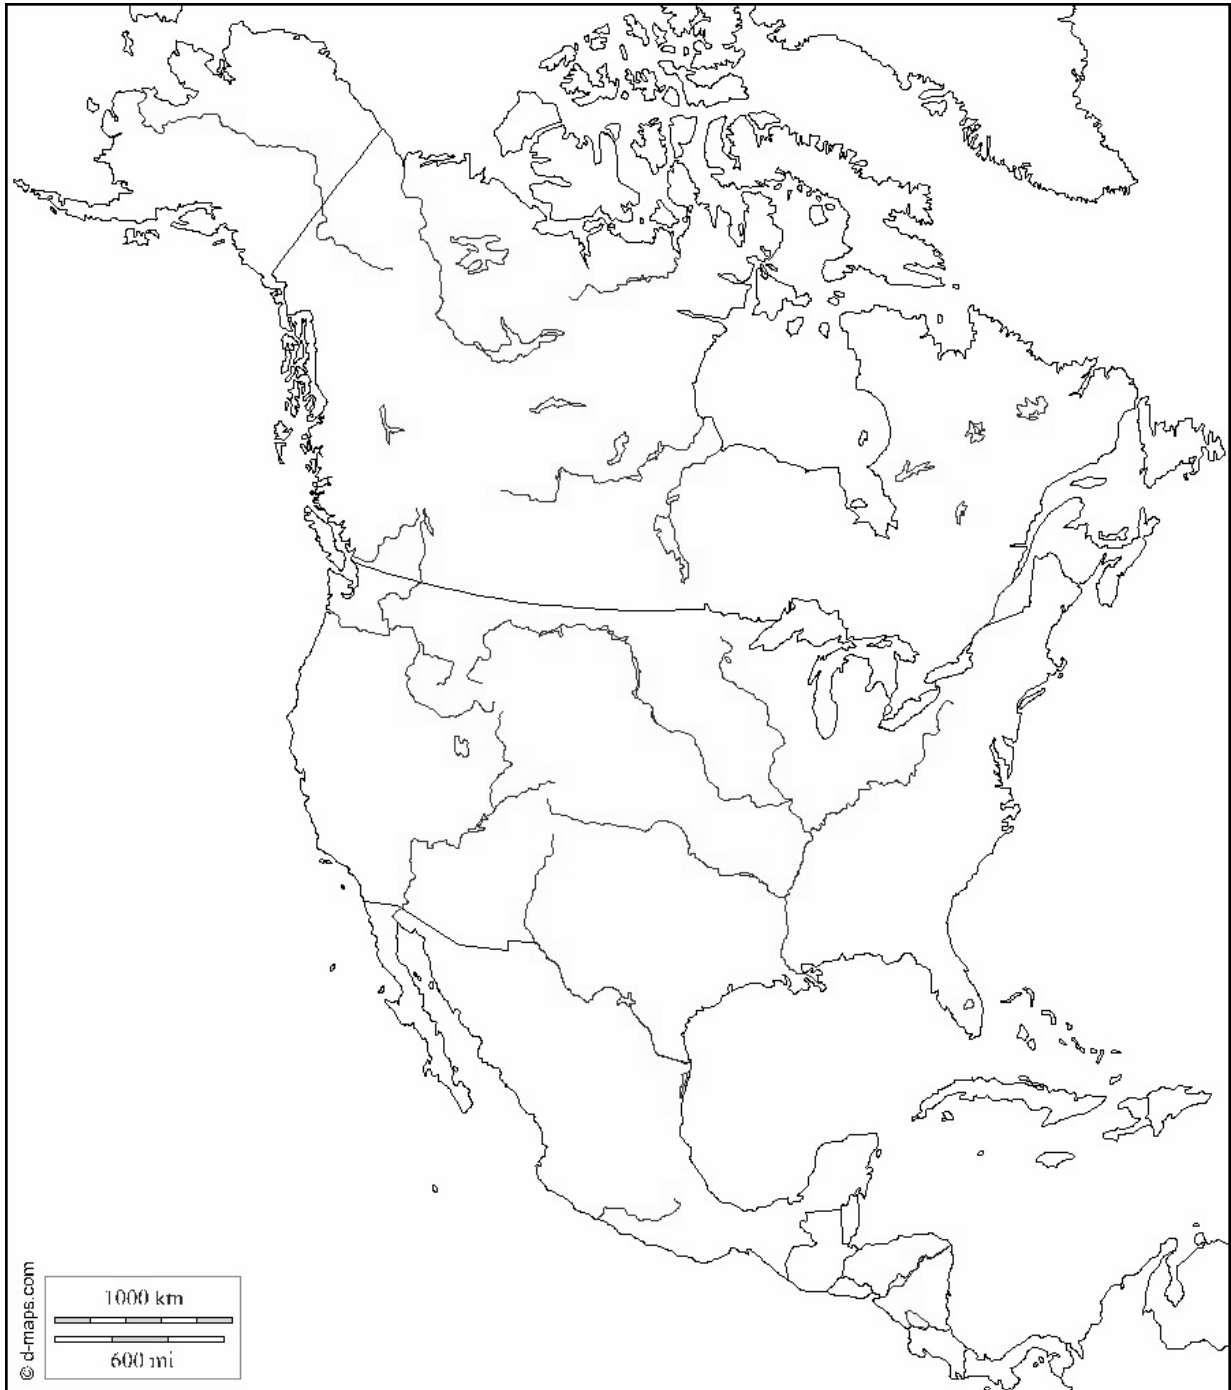

Danaus plexippus Monarch Butterfly Fall Migration

(Student Handout)

Research where monarchs live in North America. Color the areas where monarch butterflies live. Place a label on the map to show the location of your school. Use dotted lines to show the path of the monarchs who migrate to the winter sanctuaries in Mexico. Optional extra: research and show where else (other than Mexico) large numbers of monarchs congregate to survive the cold winter months.

BUTTERFLY SUMMER Quest to Save the Monarchs

by Siri DiSavona

Danaus plexippus Monarch Caterpillar & Butterfly Anatomy

(Teacher's Answer Sheet)

Research where monarchs live in North America. Color the areas where monarch butterflies live. Place a label on the map to show the location of your school. Use dotted lines to show the path of the monarchs who migrate to the winter sanctuaries in Mexico. Optional extra: research and show where else (other than Mexico) large numbers of monarchs congregate to survive the cold winter months. Data per Monarch Watch.
